Resources for a better Hyde Park

We all have a common interest in strengthening this community by discerning its basic needs and seeing them addressed.

To meet the ends of our purpose we propose to bring together the different philanthropic groups serving the greater Hyde Park area in the hopes that we can facilitate a dialogue that will foster greater coordination and improved vision for the betterment of Hyde Park.

We will be holding a series of three meetings over the course of the year.

- Each meeting will be a breakfast meeting lasting no longer than 90 minutes with clear goals for our time together.
- Each meeting will have time dedicated for individual encounters as well as information sharing and each meeting will build upon the last.
